1/ Spot prices are for bulk sugar under Contract No. 10 which, beginning November 21, 1966, replaces Contract No. 7. The terms of these contracts are duty paid or duty free, full duty rate .625 cent per pound.

2/ Spot prices are those under No. 8 Contract which is for bagged sugar f.o.b. and stowed at Greater Caribbean ports (including Brazil).

3/ The No. 10 "Domestic Bulk" Contract has been adjusted by deducting (.625¢), computed freight from the Greater Caribbean ports (including Brazil), insurance and unloading charges and adding the bag allowance (currently .055¢) before calculating the differential from No. 8 "World" Contract spot prices.

4/ These are basis prices in 100-pound paper bags, NOT delivered prices. To obtain delivered prices add "Freight Prepays" and deduct discounts and allowances. For illustration see Sugar Reports 81, January 1959, pages 5 to 9.

HAWAII

All but one of the plantations in the Hawaiian Islands are corporate entities. To facilitate the actual production of sugar, all plantations but one are represented by agents or a parent company in Honolulu. Several have mainland offices. Controlling interest in some plantations is held by an agency or parent company; other plantations are merely clients.

The agencies in Hawaii, plantations they represent and the Post Office address, indicating the island on which each is located, are as follows:
